

eligül bronz

Furniture Catalogue

The Eligül Family in 1983 had a single idea in mind while establishing the 'Eligül Bronz': to be able to create custom made oriental style handcrafted furniture. The family did not take a long time to decide on to use bronze with this purpose in mind. It was decided to make the use of it as the cornerstone of high quality and special furniture thanks to its natural colour and proper alloys that harmonise with designs and its durability which ages gracefully as well as its flexibility.
